Dear Parents and Guardians,
Starting Monday, February 27th, we will be conducting boundary school visits for students. On their scheduled day, students will be bussed to their 23-24 boundary school. Once they arrive, they will be welcomed by the school staff and administrators who will show them around the building. The building tours will take place from February 27-March 13 during the day. Students will be accompanied by administrators on the buses. If you have any questions or do not wish for your child to participate, please contact your current building principal by Friday, February 24th. Thank you for your participation as we help students make this transition.

Best,
Vickie Carpenter
Assistant Superintendent for Foundational Learning

MIMICBOT™:

Campers transform their own robot into a one-of-a-kind stuffer, and then take their creation home to inspire more original ideas!

CATCHING AIR™:

When they design their own mini skate park, campers take on ramps and rails in an epic ride through physics, engineering and art!

GAMES & LUNCH

Half the campers head outside to play action-packed games while the others eat lunch — and then they switch.

POP-UP VENTURE™:

To create their own pop-up shop, campers use green energy and awesome entrepreneurship skills.

INVENTION CELEBRATION™:

Campers become confident event planners as they set the mood with lights, music and an innovative Party Assistant!
