

Glenns Valley PTA Wants Your Pop Tabs For the Ronald McDonald House!

Almost everyone drinks from cans at least sometimes, right? What better way to help families in need than collecting the tabs off those cans! All of the tabs can be recycled, and then the Ronald McDonald House uses the money to support the House and the 5,000 families who need to stay there annually. Glenns Valley Elementary School has been collecting the tabs since 2017, and our grand total since then is 236,000 tabs!

The Glenns Valley PTA will be collecting pop tabs again this year, and we will hold three school-wide contests to see which grade level can save the most tabs! Each contest will be three months long and will conclude on the last day of the third month. **Please label your tabs with your child's grade level when you send them in!**

Collection dates will be

- October 27
- January 26
- April 26

The prizes for the winning grade level will be things like extra recess and treats! The collected tabs are displayed in grade-level-specific containers in the cafeteria so the kiddos can track their progress! They have such fun with these contests, and it's even better that they also help people in the process! Thanks so much for your involvement!
